## Big Four Governors Hold Secret Session On Berlin Blockade

BERLIN, Sept. 1 (AP)—The four military governors of Germany held their second top secret conference today aimed at settling the crisis over Soviet-blockaded Berlin.

Restoration of real traffic between Berlin and Western Germany appeared to be under consideration. In this connection the high-level newspaper Der Kurier reported that the "technical difficulties" cited by the Russians as their initial reason for blocking the only rail line from Western Germany to Berlin 70 days ago, had been overcome.

Today's meeting of the four military governors lasted three hours. Gen. Lucius D. Clay, the American military governor, said they will meet again tomorrow. Asked if any progress had been made, he replied "it is too early to tell."

Meanwhile, he said, working committees will continue their discussions on transport, finance and trade. Their findings were relayed to the military governors.

THE TRANSPORT committee would deal with technicalities accompanying lifting of the ground blockade that made the western powers resort to the gigantic air lift operations to supply their sectors of Berlin.

The importance of that meeting was emphasized by the presence of generals from all four powers. The working committees followed the pattern of secrecy set by their chiefs. Officials said they were "unauthorized to comment."

Der Kurier quoted a leading official of the German railway administration in Magdeburg as saying "the double railway line between Magdeburg and the zonal border is capable of carrying all freight and passenger service."

It added that resumption of international railway traffic is expected if negotiations in Moscow make an easing of the blockade possible.

"IN SUCH A CASE a new international train running from Berlin to Munich, prepared by the eastern zone railway authorities, will be put into service immediately," the newspaper said.

Western Allied transport officials were asked about published reports that start moving through the Soviet zone by Sunday. "Somebody's obviously guessing," they said. "We have no information on it."

Railway officials at Helmstedt denied reports they had received orders alerting them for reopening of the Helmstedt-Berlin line.

NEW YORK TRUCKERS strike for pay hike; food supply periled

NEW YORK, Sept. 1 (AP)—About 9,500 AFL union truckers quit work today in a potentially critical walk-out which quickly tied up the freight shipments to the Metropolitan area.

Mayor William O'Dwyer conferred with union and employer representatives, then announced he did not expect an immediate settlement of the pay hike dispute.

The city will decide on measures to try to end the stoppage after a meeting of union delegates set for 12 noon tomorrow, O'Dwyer said.

THE MAYOR DECLARED emergency supplies will be kept rolling. The Association of American Railroads, which announced the embargo on rail freight, said it would apply to all carload or less-than-carload shipments destined for New York City or New Jersey points from which it would be carried by boat to New York.

Former Postal Official Goes Into Retirement

Yesterday, George C. Graham, 537 North Franklin street, former assistant postmaster at the Pottstown postoffice, began his first day of retirement after more than 45 years of service.

Graham, who celebrated his 45th anniversary with the postoffice department the past July 1, ended his career in the department Tuesday. His post still is vacant at the present time.

## It Happens Every Year When School Bells Ring

Inseparable all Summer, six-year-old Pete Hadley and his pal, Mike, came to the parting of the ways yesterday morning at St. Aloysius Parochial school. Mike followed Pete to school and staged a sit-down on the school steps until he realized his young master couldn't take him with him. The heart-broken youngster is the son of Mr. and Mrs. W. Carroll Hadley, 536 North Charlotte street.

## Truman Asks Labor Law Repeal; Dewey Promises to Oust Reds

WASHINGTON, Sept. 1 (AP)—President Truman called for repeal of the Taft-Hartley act in a Labor Day message tonight.

He said inflation must be curbed "before it leads us to economic disaster."

He spoke out for "higher minimum wages, adequate social security for more workers, national health insurance and a strengthened Labor department."

Lauding workers for a major part "in today's all-time high records in employment, production, income and profits," the President declared that inflation is cutting actual earnings of some despite pay hikes.

"We must act to end this economic dislocation," he said.

MR. TRUMAN, scheduled to make a major labor political speech in Detroit on Labor Day next Monday, no doubt will touch them on some of the points he mentioned in today's statement as economic needs for the working man.

He did not mention his old target, Congress, whose job it would be to provide the measures he spoke up for today.

He said a heavy vote in November would mean that the outcome "will be the decision of all America" and urged that every eligible voter turn out.

MR. TRUMAN did not mention (Continued on Page Eighteen)

New Murder Evidence Filed With High Court

The new evidence about the murder of Mrs. Miriam F. Green was filed yesterday with the State Supreme court in Philadelphia.

Gerald C. Wentz's attorneys now must await the indefinite day when the court rules on their petition to reargue the appeal of the Kenilworth man's conviction for second-degree murder.

The evidence emphasizes two affidavits—one from Dr. W. L. Frank, a key Commonwealth witness at the 1947 trial, the other from John Wojack, Good Will ambulance driver, who did not testify.

Dump Flames' Vivid Glow in Sky Are Surpassed Only by Putrid Odor

A garbage-caused fire in Pottstown's borough dump was burning fiercely and stinking memorably last night.

It was doing the identical thing the night before, and experts on the dump dilemma declared the same fire may still be burning when borough council meets Sept. 13 to take action on complaints from East End residents.

Some residents living not too far from the dump along Moser road mistook the blaze for a barn fire, so bright was the glow it cast.

## 419 Pupils Start At St. Aloysius

While the bulk of Pottstown youngsters await the reopening of borough schools next Wednesday, a total of 419 pupils returned to classroom yesterday morning at the St. Aloysius Parochial school, with 84 of them enrolling as beginners.

Girls outnumbered boys by 17, the total being broken down into 218 girls and 201 boys, according to Sister John Lawrence, principal of the school.

Half day sessions, from 8:30 to 11:30 a. m., will be held the remainder of the week, with a full regular schedule from 8:30 a. m. to 3 p. m. starting Monday.

Harry L. Christman To Head Fund Drive Of Community Chest

Harry Leroy Christman, president of the Pottstown Metal Products company, will serve as general chairman of the 1948 Community Chest campaign.

His appointment was announced yesterday by Victory J. Roberts, Chest president.

Christman, who lives at 711 High street, served as chairman of the industrial division in 1947, and acted in other Red Feather capacities in prior years.

The past year, his division brought in nearly three-fifths of the funds raised.

CHRISTMAN HAS been with the Metal Products company for the past 21 years, six of them as president.

He was born and educated in Pottstown, and spent nearly all of his working years at the Stowe concern.

The new general manager, who succeeded William H. Curtis, also is a member of the board of directors of the Pottstown YMCA.

This year's Red Feather campaign will open Oct. 19 and close ten days later. There will be report luncheons on Oct. 22, Oct. 26 and Oct. 29.

Favor He Did for Navy Officer in Japan Repaid to 'Ham' Radioman by Visit Here

By HARRY TOLAND (Mercury Staff Writer)

A Pottstown radio ham and a Naval ensign he did a favor for two years ago across 7000 miles of land and sea met last night.

Earl L. Kulp, 16 Beech street, was the ham and former-ensign John R. Gibson, of Athens, Tex., was the recipient of the good turn.

The acquaintanceship began Oct. 18, 1946. Kulp, out of the Navy a year, had built himself a \$2000 radio receiver-transmitter, obtained a Federal Communications commission license to operate and was happily corresponding over most of

the world on a 'phone transmission. His wife, Veronica, is a life-long friend and schoolmate of the former Mary Moxley, once of Limerick, now married to Gibson. Gibson was then stationed in Yokosuka, Japan.

How the ensign finally talked to his wife was a stroke of luck not only for him but for Kulp, too.

## Weather's Quick Change Drops Mercury to 55

The weather, as changeable as a woman's emotions, flipped off the hot faucet and turned on the cold yesterday.

One of the worst heat waves in Pottstown's history had been dead only two days when the mercury plummeted to within six degrees of the all-time low record for the day.

The ebb point was 55 and the high mark was a cool 74. A cool tide of air from Canada was responsible.

It will warm up a little today and get warmer tomorrow, the weatherman said, as a warm, low-pressure front moves in from the mid-west. Clouds will become thicker in the two days.

The summer is the hardest part of the year for us," Ralph P. Holloway, school district secretary, declared yesterday.

For the staff in the school administration building, at Beech and Penn streets, must order during the summer the hundreds of items needed to keep the schools going during the Fall, Winter, and Spring.

The work is about finished now, however, and the sheaf of orders for pens, pencils, erasers, paper, tools, lumber, radio parts, paper, towels, paint-brushes, electrical supplies, first-aid equipment and a thousand-and-one other items have been turned into new equipment, ready for the avalanche of the estimated 3400 boys and girls who will come to school next Wednesday.

DR. FRANK M. Haision, superintendent of Pottstown schools, said he expected an increase of 60 new students in the schools, most of them beginners, over last year's figure.

An enumeration kept by the school district, Dr. Haision pointed out, shows that 315 beginners can be expected this year, 358 in 1949, 296 in 1950, 349 in 1951 and 387 in 1952.

"We've opened additional rooms for beginners in the Rupert and Jefferson buildings," he said. "After this, we'll have to put up a new building or construct additions to the old ones."

Only two instructors' positions remain empty, Dr. Haision said. One is that of a driver-training instructor, for a course to be given in the Pottstown school system this year for the first time, and the other is that of director of all school instrumental activities.

Dr. Haision was not sure just what negotiations for these posts would be completed by opening day.

SUPPLIES OF BOOKS have been laid in, the superintendent said, assuring "they're all here now and in order."

Not only books for courses are ready for the youngsters, but new volumes for the libraries and for supplementary work have arrived in town.

The cost of books, rising like (Continued on Page Eighteen)

169 More Register With Draft Board

Registration activities at Pottstown draft board 110 settled down to a routine regularity yesterday as 169 young men registered.

There were no lines, almost no waiting, and the men—most of whom were veterans—remembered to bring their discharge papers.

R. Ross Longaker said of the third day of registration, "We haven't had a bit of trouble of any kind."

The volunteer registrars were able to leave borough hall council chambers by 5 o'clock, although Monday and Tuesday some of them stayed later rather than turn away the tardy men.

Today and tomorrow men born in 1924 were expected to appear for registration.

## Woman Is Injured, Trapped in Wreck As Car Rams Truck

Mrs. Henry L. Herbine, 61, 1135 Queen street, was injured seriously at 5:10 o'clock yesterday afternoon when the car in which she was riding smashed into a 26-foot truck-trailer parked on the south side of High street, between Eden and Montgomery streets.

She was admitted to Memorial hospital with a fracture of the right arm, probable fracture of several ribs, multiple lacerations of the scalp, right hand and right arm and possible internal injuries.

Her condition was described as "fair" last night.

Her husband, 62, who was driving the automobile east on High street, escaped with a laceration of the lip and several bruises.

Mrs. Ruth Herbine, 32, their daughter, was treated at the hospital for lacerations of the head and multiple bruises.

HERBINE'S CAR rammed the left rear section of a truck-trailer parked in front of the Rudolph L. Green drug store, 866 High street.

The driver, William Hopkins, of Litzitz, Lancaster county, told police he had been moving heavy equipment from the drug store.

Herbine declared he was trying to avoid the truck ahead of him when he saw an automobile eastbound on his left.

Confused, he smashed violently into the rear of the truck, wedging the right side of his car underneath it.

Herbine's car collided with the right rear section of the passing automobile, driven by Mrs. Allen Landis, of Skippack, just before hitting the truck.

The right rear fender of Mrs. Landis' car was damaged, but she was not injured.

HOPKINS, WHO witnessed the accident, helped Herbine out of his totally ruined car, although he could not open the left front door completely.

Hopkins and Herbine were unable to release Mrs. Herbine immediately, but they got her partly out of the car.

William Tosto, driving an ambulance of the Good Will Fire company, extracted Mrs. Herbine with the help of Harry Wertz, a member of the Goodwill Fire company, and loading on the scene, and Miss M. Jeanne Morfitt, a nurse of the Memorial hospital, who stopped the rapidly flowing blood from an artery in the injured woman's right arm.

Mrs. Herbine was able to leave the rear of the green, four-door sedan unassisted.

Cars Dodged Truck 7 Hours, Then—Wham!

Motorists traveling east on High street yesterday between 10 a. m. and 5 p. m. had to take their chances with a 26-foot truck-trailer loading on the south or "No Parking" side of the street.

This was learned yesterday after a car crashed into the rear of the vehicle, injuring a 61-year-old woman passenger seriously.

Witnesses living near High street between Eden and Montgomery streets, where the large vehicle was loading, through out most of the day, reported that there was nothing to warn oncoming motorists of the truck, and that police did not come around to direct traffic, even during the busiest hours of the afternoon.

One of those hours was between 2:30 and 3:30 p. m., when the shift changed at the Firestone Tire and Rubber company plant, putting a flood of automobiles on the busy State highway.

The truck-trailer had to be kept on the street for more than seven hours, it was pointed out, because the driver was loading very heavy equipment, one piece of which alone required four hours to be moved from a drug store to the back of the trailer.

Questioned about the obstruction, police said that vehicles could load and unload in a no parking zone, but had to do the job as quickly as possible.

# Vacationing Mercury Readers

By THE VACATION EDITOR  
of The Mercury

Bertram Bellybutton sat at the bar with his pal Wesley Wart trying to tell him about the big fish he nearly caught in the town reservoir during his vacation week.

"I wash too tired to take a vacation after workin' all year, Wart, so I took my rod and bottle to the reservoir and climbed over the barbed fence. The fish ain't made which can keep me out, even if it did tear my pants off. You should see them pants. Wart... ripped to shreds. My good ones, too, n' I oughta sue the borough."

"Wade a minnit," interrupts Wart, "are you tellin' me about the fish or the pants?"

"Tesh," said Bellybutton, wobbling on his stool. "Well, I wash sittin' there, drinkin' an' a fishin', and suddenly I got a big bite!"

"Gawsh, Bertram, did you pull him in?"

"Naw, it was a moshkeeter bite. Big sonofagun which I kilt and put on my hook, and darned if it didn't draw a bass which nearly yanked me into the water. He gave me such a hard time I kicked over my bottle n' home-made likker and it split into the reservoir. Boy, wash I mad?"

At that moment, a detective went

up to Bertram and charged him with poisoning of the reservoir fish, and asked him to try fishin' himself out of the county bastille.

## Borough Briefs

Justice of the Peace Raymond C. Kelley, of the Second ward, will send a summons to Max G. Crist, Montoursville, for an alleged violation of the motor vehicle code.

Crist is charged by Patrolman Charles Stetler with passing a red light at High and Washington streets at 10:45 o'clock the past Monday night. He was proceeding west on High street at the time the alleged violation occurred.

## Teaching Staff Picked At Oakleigh School

Glasses at the Oakleigh school, Pottstown, will begin Sept. 12. Mrs. Elizabeth B. Loomis, director, announced yesterday.

The classes, Mrs. Loomis said, were expected to start upon the completion of two new schoolrooms and the remodeling of the dining hall.

Mrs. Marion Glavis, of the Ilmen school, University of Pennsylvania, will teach the kindergarten and primary grades, while Mrs. I. Bador, Lock Haven, will teach Grades four, five and six.

Henry Richardson, a graduate of Swarthmore college, will teach the junior high school grades.

## Registration of Voters Heading Into Last Lap

NORRISTOWN, Sept. 1 — The Montgomery County Registration commission today issued a reminder to all persons not enrolled that they have only two more weeks to sign up and become eligible to vote at the general election on Nov. 2.

The final date to register is Saturday, Sept. 11 at the courthouse. Meanwhile, the registration commission office will be open daily from 8:30 a. m. to 4 p. m. and until noon on Saturdays.

On Sept. 9 and 10, the office staff will be on hand until 9 p. m. to accept registrations.

THURSDAY, SEPTEMBER 2, 1943

Teach me to feel another's woe, to hide the fault I see; that mercy I to others show, that mercy show to me.—Pope.

## For Bicycle Safety

THE letter started with reference to an article from the August 28 issue of Collier's. The quotation was:

The growing popularity of bicycles has added another traffic hazard. Each year thousands of novice riders are turned loose on our streets with no training in riding or traffic regulations—nothing more than the admonition, "Be careful!"

The result: Over 300 happy, bike-riding kids between five and fourteen years old were killed in collisions with cars last year. Another 16,000 were injured.

Some of these deaths were caused by reckless automobile drivers. But most of them were caused by reckless kids zig-zagging through traffic, cutting in front of cars, ignoring traffic signals. The best thing for a motorist to do when he sees a bicycle approaching is to slow down, stay as far away as possible, and to use the utmost caution in passing.

Then the letter from Mrs. E. P. Loomis, Glenmoore RD 1, asked:

"Why is it the children of Pottstown are making fools of those people who are trying to help them?"

"The other day while I was driving my car in Pottstown on business I very nearly struck a young boy bicyclist. Was he frightened? No! He kept right on zig-zagging in front of me until I was forced to stop. Then, when I tried to admonish him about his actions he laughed in my face and in no uncertain terms told me where to go and what to do.

The letter continued with an earnest plea: "Please keep plugging in your effort to do something about the bicycle situation in Pottstown."

"Surely there must be a way.

"I suppose it will be left to the schools to take this matter in hand, as parents apparently are not as interested in this terrible condition.

"You already have done your share, but please, in the interest of all children, keep plugging till you get some real results."

The Mercury is grateful for this moral support.

The bicycle situation is serious. Pottstown police have had an opportunity to render a great public service by intelligently enforcing a fine bicycle ordinance. Unfortunately, the Pottstown police department muffed its chances.

Children learned to scoff at the law when police inefficiency delayed enforcement for months. This simple business of ordering license plates seemed too difficult for the police department head to transact. Even registering the bicycle owners was a distressing example of disorder.

Then, despite the aid of a nationally known safety expert in organizing a "bicycle court," the real worth of the safety measure never was exploited because police would not enforce the law.

No borough official seems to care.

Possibly the schools will have to take over bicycle safety.

If it's too big a job for police to handle, maybe some of our children can handle it!

At least, The Mercury has had a promise from Earl L. Strange, safety director in the Pottstown public schools, that he will organize his own bicycle patrol, bicycle safetymen, and bicycle court when schools open.

The Mercury believes Mr. Strange can make a success of this bicycle safety movement that has won national renown.

The Mercury pledges its aid to Mr. Strange and to worrying parents to help in reducing bike accidents without in any way minimizing the enjoyment of cycling.

## Tearless Onions

THE first vegetable concentrate, onion juice, has just come out of the laboratory of the State Experiment Station at Geneva, N. Y., and is now waiting to be picked up by a commercial manufacturer.

A few drops of the liquid, the laboratory reports, do the work of several good-sized onions in flavoring soups, sauces, salads. It's made by a freezing process from non-marketable onions (blemished, off-size, etc.) and will keep for two years on the shelf.

## Prunes

THE Truman administration through the Department of Agriculture announces that the government will buy 200,000 tons of dried fruits to "prevent losses to producers." That ought to sew up the prune vote in California.

On Labor Day the President will charge again that the 80th Congress tied his hands so he can't fight high prices.

## Grampaw Oakley

Editor, The Mercury, September 1.

Dear Sir 'n' Brother: Wal, I see by the papers where six Ohioans were arrested for swiping meat. These days that comes under the heading of grand larceny!

The Education Board of Elwood, Ind., doesn't believe in larceny. It just has elected a man named Hooke as superintendent of schools.

And say: This sudden change in weather reminds me that this neck of the woods has only two seasons — Winter and August.

## READERS SAY:

# Police Committee Blamed for Parking Ban Delay

## Why No Temporary Signs?

To the Editor: I congratulate The Mercury on its sharp memory as to when the no parking regulations on North Charlotte street went into effect. I thought that this ordinance, like some others, was well on its way to the Land of Forgotten.

I drive that stretch of Charlotte street from my home on Beech street every day and I've been waiting, almost praying, for the day when I can relax from the fear of losing a fender in that close-order traffic.

What seems funny to me is why the borough didn't put up some temporary signs while waiting for the real ones to arrive. I haven't even seen any posts installed. Surely those already could have been erected and temporary no parking signs used.

Mr. Sears said that is the business of the police committee. I suppose it is. Then it is time that the police committee follows through on its recommendations and sees that this law is put into effect.

It appears that after the committee drafts an ordinance and gets it through council, it dumps everything in the laps of Mr. Sears and other borough officials. What a sloppy way to do business!

## Hughes's Death Marks End of 'Great Quintet'

By RAY TUCKER

WASHINGTON, Sept. 1—The death of Charles Evans Hughes marks the passing of the last of the quintet of great Americans who had such a deep influence on national and international affairs for the most important 50 years in our history. The other distinguished statesmen were Theodore Roosevelt, William Howard Taft, Woodrow Wilson and Franklin D. Roosevelt.

Future historical writers will undoubtedly rank them high in all-time hall of fame. Therefore, it is ironic and tragic that the world is still troubled, and possibly faces another global conflict, because even such men as they were unable to settle or solve grave, international problems.

Their present-day successors at Washington, London, Paris, Berlin, Tokyo and Moscow are now wrestling with the same unresolved questions which beset the United States when she became a world power on the eve of the Roosevelt-Taft-Hughes-Wilson-Roosevelt era — in 1899 and 1900.

PESSIMISM: Any review of this exciting period, inspired by the death of the last of the majestic actors in the historical drama, seems to offer ground for the utmost pessimism. For it is generally admitted that today's world statesmen do not match or equal their great predecessors.

It must also be conceded that the major foreign policies which these five men advanced as partial solution for the problems of war and international friction have been utter failures so far. To wit:

**TURMOIL:** 1. T.R. cultivated and favored Japan in the expectation that she would become a good friend and rich customer, and grow so strong that she would be able to keep czarist Russia in check. He gave Tokyo all the diplomatic breaks at the Portsmouth Peace Conference, and Moscow never forgave him or us. Stalin still mentions it in resentful tones.

2. Mr. Taft's League to Enforce Peace was the forerunner of Wilson's League of Nations and the United Nations. So far, the direct descendant of his dream—the U.N.—shows no ability to keep the peace or resolve difficulties.

3. Mr. Hughes startled and cheered the world with his call for a disarmament conference in 1922. The nations are more heavily armed now than ever before in peace time.

4. Allied leaders' policies at the Versailles Peace Conference, which Wilson came to adopt only because acquiescence enabled him to win over Lloyd George and Clemenceau to the abortive League of Nations, pointed directly to World War II. Hitler might never have come to power had a more generous peace been extended.

5. Roosevelt's secret, wartime agreements, as well as his surrender to Stalin on so many vital issues, are largely responsible for today's world turmoil and our clash with the Kremlin.

**LEGACY:** Thus, in any historical and non-political estimate of the big five's performance it is an exaggeration to suggest that they bequeathed a Pandora's legacy to the Trumans, Marshalls, Deweys, Warrens, Afties, Bevins, Auriols etc.

Indeed, if any of the great dead could return to the world today, they would probably say:

"This is the part of the show that I saw when I came in 40, 50 and (for Taft) 60 years ago."

But their constructive accomplishments on the domestic scene, however, either as Presidents or dominant figures on the Supreme Court, have helped to make America the powerful and prosperous nation she is today.

All five, by their sponsorship and interpretation of progressive laws, (and that includes Taft), helped to transform the U.S. from the feudal, medieval, economic structure of the McKinley-Hanna days into the socially alive and conscious state it is today.

## Policemen Have Their Problems

To the Editor: For a long time I have been meaning to write in before and give Pottstown policemen a pat on the back, but didn't have the nerve, but now Danny has broken the ice, I feel it is high time I jumped in also.

For one thing, it does burn me up when some wise guy makes a wise crack about a policeman "loafing" when he stops in for a cup of coffee after pounding his beat for hours, especially in Winter.

There are also some other things Danny did not mention either, maybe only because he does not work where he can hear an "inside" picture sometimes. Does Danny know most policemen do not have one night a week off, but only have off every eighth day? Does he know how little they are getting paid, not that I am going to say just how much?

Does Danny know the way some policemen are put out on a beat and just left there?

He would get a big laugh (?) if he knew that the policeman who scored the highest mark in the exam last week was hidden away on a foot beat for years while guys who did not even enter the exam go riding in the car. That is some merit (ha! ha!) system the policemen are working under for the big shots.

There is plenty more I could tell about, but it would not be fair, I think, to repeat too much "confidential" dope just because I know the policeman's problems.

News! News! News!

JOE DIMAGGIO has been battling a thousand in Philadelphia with Ethel Shell, vocalist with Gene Williams' band. (She does sound like a brand of gasoline, doesn't she?)

Chicago's sought-after bachelor, Freddie Wacker, is pursuing MGM starlet Rita Red, stepdaughter of Hollywood producer Mervyn Le Roy. Despite Lana Turner's bad publicity, she is raking in bundles of loot at the box office. She is credited with "carrying" Clark Gable in "Homecoming," instead of vice versa. Mickey Rooney showed up at Rouben Mamoulian's party for the cast of "Carousel" just 80 minutes after he had dined in San Diego. Mickey reported that he flew in from San Diego in 38 minutes, which he was sure was some kind of record in a small plane. Some kind of record in a small plane. Some kind of record in a small plane.

STARLET JANE Nigh and Clark Gable of the jewelry tribe are shopping for a betrothal ring. Know where doing publicity now for the Cigar Institute of America? Two pretty women! Neither of them smoke stogies. Ed Wynn is penning his memoirs but won't allow their publication until after his death. Drive-in movies update are now adding vaudeville. The Billy Coxes (he's the Dodger third baseman) are lullabying a baby daughter. Persons who inspected the Rex Harrison home when it was put on sale recently report that in wife Lili Palmer's bedroom there were no pictures — of Rex! J. Arthur Rank promises the coming marriage of his two top stars, Jean Simmons and Stewart Granger, and would like nothing better than to help them change their minds.

DOCTORS ARE doing a land office business in Hollywood these days. With so few pictures shooting, the stars are finding time to take care of their ailments. Ann Sothern and Olivia De Havilland are just two who are currently indulging in check-ups.

FRANK BUCK's health is greatly improved. He embarks on a national tour shortly. Insiders predict "Loser Take All," which stars Cameron Mitchell, will be one of the movie "sleepers" of the year. They say it's in the "Body And Soul" league.

## The Worry Clinic

By DR. GEORGE W. CRANE

SAM J., 29, is a retail clothing merchant. "Dr. Crane, I have fallen in love with my second cousin. She is a lovely girl and I am simply crazy about her," he told me.

"We had planned to be married, but her parents have become alarmed because we are blood relatives.

"Now they have us worried, too, for we'd like to have a family. But it would be terrible if we were later to have a defective baby.

"We are so worried that we are almost sick. My fiancée has lost ten pounds the last few months, just on this account.

"We must settle this problem, once and for all. If we dare not marry, then we ought as well try to reconcile ourselves to the inevitable. We can't continue this uncertainty, for it is torturing. Dr. Crane, what should we do?"

THIS is an age-old problem, and has caused enormous worry and debate throughout the ages.

While incest was taboo by Biblical fiat, it was not at all uncommon among ancient races for brother to marry sister, as note the example of Cleopatra.

Viewed from a purely scientific angle, we know that inbreeding simply accentuates the characteristics of the parents. If they have recessive traits which lead to feeble-mindedness or deafness or other objectionable hereditary, then such intermarriage will tend to produce more of these afflicted ones among their children.

If, however, the parent stock on both sides is sound, being free from mental and physical stigmata, then the inbreeding will also accentuate the good stock.

As feeble-mindedness is inherited, so also is brilliance. From the eugenic aspect, therefore, it would be far better for cousins or even brothers and sisters of good stock to inbreed, than for them to marry into foreign strains wherein feeble-mindedness is common.

In fact, Professor Knight Dunlap of Johns Hopkins, once wrote a very challenging treatise actually advising close inbreeding.

His view was that such marriages would quickly bring to the surface the objectionable recessive traits, and then, by institutionalizing these defective children, we could soon free mankind entirely from such blemishes in our germ plasma.

Incest is not at all uncommon among those who live in cramped quarters, or whose intelligence is dulled by alcohol or feeble-mindedness.

In Sam's case, I went over his ancestry with him in great detail for four generations. Then he and his sweetheart checked into her family tree.

Since both came from intelligent, healthy stock, I told them they need not fear to marry and have children, for they certainly should have as good a chance of normal offspring as the average couple who are not related at all by blood.

INSPECTOR LOOKUP — The Pottstown lockup was inspected by State police of the Collegeville station and was declared in first class condition. The inspection was made in accordance with orders from Gov. George H. Earle instructing police to inspect all jails and lockups in the state following the tragedy at Holmesburg prison where four convicts were "scalded to death."

MARRIAGE RELATIONS — A marriage relations forum has been opened at the YMCA and married couples and those planning marriage, have been invited to attend. It is in charge of Rev. Robert W. Roschy and Stanley F. Jenkins.

STATE APPOINTMENT — Clarence A. Kulp, of North Coventry township, has been appointed Chester county wheat insurance supervisor. He has been in the Coatesville office of the State agricultural conservation department.

MOTORIST INJURED — Leon Shaner, son of C. M. Shaner, Cedarville, was injured when the radius rod on his car broke and struck a post at Pottstown Landing.

## TALKING THROUGH HIS HAT

## Hollywood

By EDITH GWYNN

HOLLYWOOD, Sept. 1 — One of the quickest roads to stardom (provided you have any talent to begin with) is to get into pictures with "nothing but the best" — in the way of box-office attractions. So Ava Gardner's next job is any girl's dream. She gets the co-starring role opposite Gregory Peck in "The Great Sinner" which goes before the cameras in three weeks. Robert Siodmak who directed "The Naked City" will be its director. Inez Cooper who used to decorate the local nite spots, gets a small but glamorous part in "The Barkley's of Bway," with Fred Astaire and Ginger Rogers. Reminds us — every once in a while Fred dangles some towels from his belt and dances an impersonation of Ann Miller and her "Easter Parade" routine that has his chums rolling on the floor.

"FINIAN'S RAINBOW" one of Bway's big smashes of recent years, dropped over \$120,000 in its London engagement. After all the current big publicity campaign, the Johnston Office, arbiter of Hollywood's production code, etc. has told Enterprise it can't use the title "The Numbers Racket" — which stars John Garfield. They object to the word "racket" and want them to call it "The Pay-Off" or some other choice. But the studio will fight the edict. After all, the numbers racket is a racket — nothing else. June Haver and long-time beau, Dr. John Duxik, denied they'd vacation together — but they're both up at the same spot — Jackson Hole, Wyoming.

BING CROSBY and Spike Jones will be on opposite baseball teams up at Lake Tahoe this week in a benefit game for the Reno parochial school. The latest fracas between the Brian Donlevys (which we itemized about weeks ago) will bust wide open in about two weeks. Kelly try to invoke an off-the-record agreement signed by his wife which never figured in previous court appearances. Donlevy will attempt to gain full-time custody of their little daughter. He now only has her for eight months of the year.

MONTHS AGO 20th-Fox shelved the best seller, "Lydia Bailey" which was originally intended to star Peggy Cummins, now no longer with that studio. But they've dusted off the story and it is being re-tailored to fit the talents of Linda Darnell, who'll be starred in same. Locals of the yarn takes players and audience practically all around the world — an easy way to "travel." Don't confuse "Lydia Bailey" with "About Lyddie Thomas," another novel now in production at Metro starring Robert Taylor.

WE'RE-ITERATE our story of last week that when "Joison Slings Again," (the name of the new one) is made, it will have both Larry Parks (impersonating the young Al) and Joison, playing himself in the latter sequences. The usually jovial Johnny Meyer is singing the blues because Janet Thomas, his best g. i. has gone to Kentucky to visit her folks. She's taken along enough fancy duds to dazzle all Dixie.

PROTECTORY — The Fatland Protectors are being opened for the training of incorrigible boys. They will be taught useful trades. The project has been sponsored by Archbishop Ryan.

CATTLE MAN IN DANGER — Monroe G. Kepner, cattle dealer, while riding on top of a cattle car, was caught around the neck by a bridge warning rope and he was saved from tumbling between car bumpers by a member of the train crew. He suffered cuts of the chin and neck.

### Construction of New Production Plant For Auto Body Works Is in Progress

The Boyertown Auto Body Works, Inc., has begun the erection of a modern, new production plant on an 18-acre tract, fronting on East Second street, and along the Engelsville road, recently acquired from the Boyertown Ore company, Inc.

The new plant will provide 45,760 square feet of floor space. It will be "L" shaped, the longest span running 360 feet. One part of the "L" will be 104 feet and the other 80 feet. The second largest span will measure 208 feet in length.

Connected with the plant, in the rear thereof, will be a railroad siding connecting with the Colebrookdale branch of the Reading company.

UPON COMPLETION of the new plant, two production lines will be maintained, producing both the "Step and Serve" and the "Merchandiser" delivery bodies at the same time.

The main plant, located at Third and Walnut streets, will become the custom body plant while the annex and paint shop building, located on South Walnut street, will become a modern paint shop.

The building operation is in charge of an engineering department headed by Irvin Hafer.

### Borough Family Moves After Property Transfer

Mr. and Mrs. Warren R. Moyer and son, Joseph, 16 South Madison street, have moved to the home of the former's mother, Mrs. Samuel B. Moyer, 26 South Jefferson street, Boyertown. The Moyer home on Madison street has been sold to Mr. and Mrs. Ray Hafer, Wernersville. Hafer is proprietor of Hafer Motors garage.

Moyer, who has been a salesman for Boyertown Body and Equipment company, has joined the Grove Supply company, Willow Grove, as secretary and treasurer.

### Miss Marian Schultz Becomes Bride in Church Ceremony

The marriage of Miss Marian Schultz, daughter of Mr. and Mrs. J. Willis Schultz, 122 West Philadelphia avenue, Boyertown, to Earl S. Fox, son of Mr. and Mrs. Edwin J. Fox, Hereford, took place recently in the Palm Schwenkfelder church at Palm. The Rev. Lester K. Kriebel, pastor, officiated; the double ring ceremony.

Miss Florence Schultz, sister of the bride, presented an organ recital immediately prior to the ceremony. Miss Betty Reiss, Palm, sang several selections.

The bride, given in marriage by her father, wore a white satin gown with low waisted fitted bodice, trimmed with seed pearls, sweetheart neckline and long tapering sleeves. The skirt was full and ended in the circular train. Her fingertip length veil was held by a tiara of orange blossoms. She carried an old-fashioned bouquet of white roses with an orchid in the center.

THE MATRON OF HONOR, Mrs. Carleton Herrick Jr., of Palm, wore a gown of chartreuse tulle, with the illusion neckline and off-the-shoulder effect, fitted bodice, cap sleeves and matching mitts. The skirt was full with puffed effect. A bouquet of yellow roses was carried and a crown of yellow roses rested on her hair.

Mrs. Thomas Izzi, of Pleasant Gap, was the bridesmaid. Her gown was in rose, identical in style to that of the matron of honor. The headress was of pink roses and she carried an old-fashioned bouquet of pink roses.

Austin Fox, brother of the groom, was his attendant, while another brother, Ray, and Willard K. Schultz, brother of the bride, served as ushers.

### Boyertown Youngster Celebrates Birthday

Vicki Reese, daughter of Mr. and Mrs. Richard Reese, 9 East Philadelphia avenue, celebrated her first birthday anniversary recently. A party was held in her honor.

Those present were Gary Conrad, Bobby Hillegas, Karen Myster, Neal Endy, James Bechtel, Carol Ann Moyer, Gail Betz, Mrs. Grant Conrad, Mrs. Harvey Johnson, Mrs. Robert Hillegas, Mrs. Robert Nestler, Mrs. George Bechtel, Mrs. Harold Endy, Mrs. Henrietta Betz, Mrs. James Christ, Mrs. S. Wayne Bohn, Mrs. Richard Reese and the guest of honor, Vicki Reese.

Willis Schultz, wore a navy blue print dress with blue accessories and wore a corsage of gardenias.

The groom's mother, Mrs. Edwin J. Fox, chose a green print dress with black accessories and wore a corsage of gardenias.

There was a reception at the home of the bride, immediately following the ceremony.

For traveling, the bride chose a gray tulle dress with brown suede accessories and wore the orchid from her bridal bouquet.

The couple spent a honeymoon in Virginia Beach, Va. They plan to reside in Shoemakersville, where Fox is a teacher in the Perry Township High school.

## Army to Assign Negro Draftees to Units of Own Race

WASHINGTON, Sept. 1 (AP)—The Army, under present policy, will assign Negro draftees to Negro units.

However, these units, ranging in size from company strength of about 200 men to regiments of about 3,000, constitute parts of white divisions of about 14,000 men.

At present, 16 Negro companies are elements of or attached to divisions in the United States, Germany and Japan.

Present total strength of Negroes in the 542,000-man Army is about 63,533.

In general, the Army department continues to follow policies recommended by an Army board headed by Lt. Gen. Alvan C. Gillem which reported in 1946.

THAT BOARD PROPOSED that the wartime practice of grouping Negroes with white units be continued, but it did not recommend that individual Negroes be assigned to white units.

The past July, President Truman told the news conference that his appointment of an advisory committee on equal treatment and opportunity in the armed forces contemplated an end to segregation.

The board also proposed that the proportion of Negroes to white manpower be the same as the proportion of national population (about ten percent). This was done in the last draft. A new policy, however, has been established by Selective Service headquarters with agreement by the Army, and Negroes are being drafted as they come before the boards, without regard to population ratio.

Army spokesmen said yesterday that Negroes would be assigned to any part of the country or overseas where needed after completion of basic training.

## Wins Acquittal

Dr. Hjalmar Schacht (above), former wizard of German finance, won acquittal yesterday in a Stuttgart, Germany appeals court, on charges he was a major Nazi offender. The court ruled that Schacht's eight-year prison term passed by a Stuttgart de-Nazification court was unjustified in view of Schacht's participation in the opposition movement against the Nazis from 1936.

AOH Auxiliary Group Plan Future Events At Opening Meeting

Plans were consummated for the annual dinner meeting of the Ladies auxiliary of the Ancient Order of Hibernians last night when the group met in St. Aloysius school auditorium for its opening Fall meeting.

Usually the opening event is a dinner meeting, but in deference to the death of the late Rev. McCook, the season was started without celebration. The dinner will be held Oct. 6 in the Cloverleaf restaurant at 6:30 o'clock with three delegates from the Philadelphia order to be invited guests. Mrs. Kathrine Fleischman, social chairman, will be in charge.

Plans were also started for a benefit spaghetti supper scheduled for Saturday, Oct. 23.

On Tuesday night members of the order will meet with Mrs. John Murphy at 8 o'clock to discuss the reopening of the weekly teen-timers dances. Because of the unusual response of youngsters to the dances last Spring, which averaged nearly 100 nightly, the group are planning an elaborate series of affairs for the entire school term. The dances will again be held on Sunday nights and the group anticipates a much larger attendance than in the Spring.

The president, Mrs. John Murphy, appointed a nominating committee, Mrs. Alice Nester, Miss Elizabeth Malone, Mrs. Robert Emmmons, Mrs. Helen Schack, Mrs. Elizabeth Murphy and Mrs. Peter Lawler, to prepare a slate of officers for the coming season.

The brush demonstration which followed the meeting, was culminated with refreshments.

Social Calendar

## Strikers Seeking Higher Pay Denied Voting Privileges

WASHINGTON, Sept. 1 (AP) — The National Labor Relations board ruled unanimously today that workers on strike for higher pay may not vote in collective bargaining elections if their jobs have been filled.

The replacements may vote, instead of the strikers, on the union to represent them, the board decided in reversing a decade-old ruling.

Under the Wagner Labor act, the board first held that strikers alone were entitled to vote in "economic" strikes, then later ruled that both strikers and replacements were eligible.

Today's ruling was made under the Taft-Hartley act passed a year ago.

General Counsel Arthur J. Goldberg, of the CIO, promptly challenged the ruling and said the CIO will fight it in court. The decision, he said, "stretches the law even beyond its stated terms."

IF THE NLRB RULING stands, Goldberg said, "Strikebreakers are permitted to vote and to tip the scales in a labor board election against actual employees who by their ballots have demonstrated their confidence in their union and their desire to continue to be represented by it."

The board made two conditions clear: The ruling does not hold unless the jobs of the strikers have been filled by non-strikers; and if the strike is over an unfair labor practice by the employer.

If the strike is over an employer's refusal to bargain with a

## Judge Sued

U. S. District Judge James P. McGraney (above) was sued yesterday in Philadelphia in his own court by an official of a New York Irish-American organization. The suit charges the jurist refused to return money allegedly given him for a bond to gain the release of a former officer in the Irish republic army.

union, or is over discriminatory firings, or similar issues, the ruling does not apply.

Also, if a striker has not been replaced, he still may vote under the board's previous ruling. The NLRB, however, may yet alter this escape clause after a further study of the Taft-Hartley act.

SEVERAL PHASES of strikes remain to be clarified. For example, the board has not ruled on the question of replacements where the strike is caused by an unfair labor practice of an employer.

The meeting of the Valley Grange was held recently at the grange hall, with C. B. Wehr as master. The following program was given: Mary Weiss, lecturer; opening song, "The Rainbow at Sunset"; Scripture, "Cutting a Dress Pattern for the Men," by Alice Weiss; songs on "Frozen Freshness," by Miss Quir n and M. Ruth; roll call and familiar numbers. Florence Long received the birthday prize. Four new members, Mr. and Mrs. Henry Miller, and Mr. and Mrs. Alvin Reminger were obligated.

Mr. and Mrs. Henry D. Sell were hosts to 37 guests recently at the program sponsored by the St. Paul's Lutheran league.

With the ending of the vacation season in St. Paul's Lutheran church, regular services, Sunday school, catechetical instruction, and auxiliary activities will be resumed, it was announced by the pastor, the Rev. H. H. Krauss.

The Red Hill Boy Scout Troop and its leaders returned home from a weekend camping trip near Trappe. In the group were Glenn Gaugler, Steve Miklos, Billy Snyder, Leonard Miklosovic, Billy Hillegass, Anthony Hillegass and Bobby McCann. They were accompanied by

troop leaders Walton Heckler, Vernon Hillegass and Paul Gerbert.

Mr. and Mrs. Raymond Kline spent a week at Ocean City, N. J.

Mrs. Ernest Brendlinger and daughter, Janet, spent the day with Mr. and Mrs. Leroy Brendlinger, Frederick.

Miss Connie Fran, Reading, is visiting Miss Betty Nofa, Sixth street.

Mr. and Mrs. Donald Wood, Red Hill, RD, returned home after spending a week at Lake Wallenpaupack.

Jim Yerk, Washington street, has resumed work at Woodson's dairy after spending five weeks recuperating from a cut finger.

Mr. and Mrs. Harry Burkholder, Main street, spent a week touring in Williamsport. They also spent a week with their son-in-law and daughters, Mr. and Mrs. Allison Hallman, Tamaqua. They visited in Lititz, Lancaster county, with Mr. and Mrs. William Stauffer.

## Spring City Directors Vote to Reopen Bridge Street School; YMCA to Move

Spring City school board accepted a recommendation by Supervising Principal Harry K. Gerlach to extend the agriculture curriculum at its monthly session last night in the elementary building.

In favoring this move, it became necessary for the board to decide to notify officials of the YMCA to vacate the Bridge street school building by Oct. 31.

The Bridge street school was closed for school purposes in recent years. Within the past year it was leased to the YMCA which previously had headquarters at Main and New streets.

WITH THE EXTENSION of the agriculture curriculum, the board will reopen the Bridge street school for instruction and as a vocational agriculture shop. Gerlach added that he was sorry to recommend this move which would cause the YMCA difficulty, but he felt he would be neglecting his duty as head of the schools if he did not put the purposes of the school ahead of all other activities.

He added that practically all the material needed had been obtained from the Government several years ago, but due to lack of space it had not been used to any great extent.

Gerlach's recommendation also included the purchase of a carry-all truck to provide transportation for agriculture field trips, and to and from the Bridge street building.

THE PROPERTY committee was authorized to make any necessary repairs to the building and to advertise for bids for the suburban carryall truck, which is to be a ten-passenger all-metal vehicle of station wagon design.

Hunter Roberts, Heckel avenue, was appointed janitor at the high school property, to replace Charles Keim, who had resigned effective as of yesterday, to accept a position at Pennhurst State school.

The report of Tax Collector S. N. Mowrey showed \$19,422.28 turned over to the treasurer of the Spring City schools during August.

The treasurer, Edward C. Willever, reported a balance of \$33,590.82 in the treasury as of Aug. 31.

Bills were read and ordered paid in the amount of \$3817.61.

Attending the meeting were Bennett Wagoner, president; Wilson Kulp, secretary; Edward C. Willever, treasurer; Warren Woodward, A. J. Balch and Gerlach.

## Lodge Supports Naylor Candidacy

A committee has been appointed by Vincent lodge IOOF, Spring City, to promote the candidacy of Frank H. Naylor, member of the local lodge, for grand warden of the Grand lodge of Pennsylvania.

Naylor, a member of the Odd Fellows for many years, has filled all offices of the lodge, is a past noble grand and past district deputy grand master.

The committee named as composed of Thomas Todd, chairman; W. S. Woodward, co-chairman; Edwin D. Todd, secretary; Horace A. Hughes, Morris E. Carl Sr., Albert Harris, Oliver J. Schubert, William I. Merkey, William H. Frick, Samuel F. Kulp, Frank Green and Waldo B. Miller.

A regular meeting of the lodge will be conducted tonight at 8 o'clock in Odd Fellows temple. The business will include acceptance of applications for membership. The entertainment and social committees have announced a surprise for all members attending a future meeting, the date of which will be announced.

## Liberty Company Auxiliary Plans Special Meeting

A special meeting of the Ladies' auxiliary of Liberty Fire company, Spring City, will be held in the parlors of the firehouse tonight at 8 o'clock. Final lunch plans will be made for the county fire school to be held at the firehall Sept. 12 and Sept. 19.

Mrs. Elizabeth Hunter, president of the auxiliary, requested all members to attend.

# Wallace Cancels Speeches Because of Segregation Rules

## Bob Mitchum, 2 Actresses Nabbed in Narcotic Raid

HOLLYWOOD, Sept. 1 (AP) — Handsome Robert Mitchum, screen player, and two attractive actresses, left jail under \$1000 bond each today after their arrest earlier in a narcotics raid on a Laurel Canyon home.

Mitchum, along with actress Lila Leeds, 20, dancer Vickie Evans, 25, and Robin Ford, a real estate man, were booked on suspicion of violating State and Federal narcotics laws after police said they broke in on a marijuana smoking party in the girls' home. Ford, 31, remained in jail temporarily.

The 31-year-old actor and the two girls were freed after they had posted bond on their petitions for writs of habeas corpus. The writs will be heard in superior court, Sept. 8.

Det. Sgt. A. M. Barr of the Los Angeles narcotics detail said that both men were smoking marijuana cigarettes when the officers broke into the home after a long vigil during which they made friends with Miss Leeds' three boxer dogs.

They said they took from Mitchum a package with 13 of the "reefers" and that the blonde Miss Leeds gave up several more. The officers said Miss Evans was not observed smoking, but was arrested on suspicion of visiting a place where narcotics were used.

Barr said the raiding party viewed proceedings for two and a half hours through a rear bedroom window after "bribing" the dogs with food.

"We scratched on a back door, and Miss Evans, evidently thinking it was the dogs, opened the door," Barr said. "Then we moved in."

Mitchum, born in Rising Sun, Md., started his movie career as a western actor, but in the past two years has been playing starring roles in high-budget productions. Miss Leeds has played a number of smaller parts, and Miss Evans, a dancer, told police she arrived here recently from Philadelphia.

Probably Mitchum's best known film was "GI Joe." Among his other efforts were "Undecorated," "Fursued" and "The Locket."

Mitchum, although obviously worried, was affable with newsmen as he chatted with them at the county jail.

"This is no time to be either flippant or dramatic," he declared.

It is improbable therefore, that either of these leaders will have time for at least the next two days and possibly not until next week.

THERE WERE INDICATIONS, however, that the three western envoys, U. S. Ambassador Walter B. Smith, French Ambassador Yves Chataigneau, and Frank Roberts, the British representative, would get together tomorrow to discuss the first reports from the negotiations of the four military governors in Berlin.

Meanwhile crowds gathered in Moscow streets, waiting their turn in a cold September rain to enter the hall of columns where Zhdanov's body lay in state. The crowds began gathering hours before the doors were opened to a procession which was expected to pass the bier all through the night.

Zhdanov's death Tuesday was regarded here as the greatest loss to the Communist party since the death of Sergei Kirov in December, 1934, and observers believed as many as 1,000,000 people were likely to view the remains.

**Hiccupping Woman Shows Weight Increase**

WAYNESBURG, Sept. 1 (P) — Pauline Lucas, 31, who has been hiccupping for six months, has gained a little weight, her physician, Dr. A. J. Blair, reported today.

Miss Lucas, who normally weighed 129 pounds, tipped the scales at 85 pounds today. When the malady was at its worst her weight dropped to 78.

Miss Lucas is now hiccupping about 8 to 10 times a minute, Dr. Blair said.

BIRMINGHAM, Ala., Sept. 1 (AP) — A shower of eggs greeted J. P. Mooney, progressive party campaign chairman of Alabama, today after he announced that Henry Wallace had cancelled his Birmingham speech because of segregation.

Police had stretched a rope on the west side of the Jefferson county courthouse to separate whites and negroes.

Police Commissioner Eugene (Bull) Connor estimated that 3000 persons had gathered to hear the Progressive party's

## Negroes Attack Wallace Stand

BIRMINGHAM, Ala., Sept. 1 (P) — After the meeting of Henry Wallace was called off here, nine Negroes appeared at the scene bearing signs critical of Wallace. They told reporters they had intended to picket. They described themselves as civic-minded Negroes interested in the national welfare of their race.

Words on the signs included: "Mr. Wallace, your program has set the Negro back 50 years. We are tired of being made a political football."

"The Negro has accomplished more in the past 100 years than Russia has in the past 1000 years."

"We, the colored people, want education, not agitation."

"I'd rather live in the South and know where I stand than live elsewhere and have no standing."

candidate for President. Approximately 250 were Negroes, who stood on the north side of the rope.

Mooney took the speaker's platform.

"The Progressive party of Alabama had hoped to present to you the greatest living American, the man President Roosevelt chose for secretary of agriculture and vice president of our great country," he said. "However, the Progressive party will not take part in any gathering that violates the Constitution of the United States."

"WE BELIEVE in free speech and free assembly without police restriction or police intimidation."

After he finished, about a dozen eggs sailed from the crowd toward Mooney. None hit him. Police started to arrest a boy, but he said he didn't know he wasn't supposed to throw eggs. He was not arrested.

Commissioner Connor addressed the crowd before Mooney's appearance.

He asked the crowd to "help me see that he (Wallace) has a respectful and full hearing of whatever he has to say. Birmingham must not incur his good name by being unkind to any visitor within her gates."

He urged the audience to make it "a peaceful, lawful and orderly meeting."

Earlier, Wallace cancelled a speech at Gadsden, Ala., because police stretched ropes on the court house lawn to enforce segregation.

He had spoken in three other Alabama towns today and in each case a few Negroes stood shoulder to shoulder with white listeners. Everywhere his reception was peaceful.

## Special Unit Discards Reports Red-Aliens Using U. N. as Shield

WASHINGTON, Sept. 1 (P) — A three-man committee named by Secretary of State Marshall threw out water today on charges that Soviet-bloc aliens are using the United Nations to cloak subversive activities in this country.

The committee said the accusations were "irresponsible" and lacked "factual support."

The charges were aired the past July by three minor State department officials in testimony before staff members of a Senate judiciary subcommittee headed by Senator Revercomb (R-W.Va.).

Commenting on the Marshall committee's findings, Chairman Wiley (R-Wis.) of the full Senate judiciary committee, told newsmen at Chippewa Falls, Wis.:

"Senator Revercomb's subcommittee was seeking to get at the truth of whether or not subversive aliens were permitted to enter this country by any means. That is the issue."

"IF ANY GOVERNMENT official, high or low, knows that foreign terrorists are entering this country, it is his duty to report that fact to the appropriate officials."

Marshall's committee acknowledged some "potential danger" from subversive aliens using U.N. credentials in the United States, but their report said the presence of these "relatively few" individuals is "vital to the work of the U.N."

## Two New Marks Set At Qualifying Trials Of National Air Races

CLEVELAND, Sept. 1 (P) — Two new Thompson trophy records were set today as speed flyers ripped courses apart to write sensation high marks in qualifying trials for the 1948 national air races.

Charles E. Brown, 25-year-old Indianapolis test pilot, was the latest qualifier to set a new mark in the Thompson event with a blazing 418.3 miles per hour speed for two laps around a 15-mile course.

Brown shattered the five-hour-old qualifying record of 417.4 miles an hour notched earlier today by Cook Cleland, holder of the 1947 Thompson trophy.

Brown's speed was the fastest average ever made on a race course with a propeller plane, and his first lap rate of 420 miles per hour was the greatest one-lap speed ever attained in that class.

A tester for the Allison division of General Motors corporation at Indianapolis, Brown, flew 61 missions for the Royal Air Force during the war before transferring to the U. S. Air Force for 90 missions. The onetime test pilot for the Wright-Patterson air base at Dayton, O., is a "newcomer" to National air race competition.

He flew a "souped up" P39Q Cobra II, the same plane which carried Tex Johnston of Buffalo, N. Y., to victory in the 1946 Thompson event. The craft has been equipped with a new, super-charged Allison engine.

Air race managers, pilots and mechanics expected most of the 1947 race records to fall over the weekend due to the new high speeds reached by the propeller planes.

## Dutch Queen Visits Workers In Amsterdam

AMSTERDAM, Sept. 1 (P) — Queen Wilhelmina -drove through the largely Communist Jordaan quarter today to visit the working people of Amsterdam.

The 68-year-old queen, who is abdicating Saturday, drove in an open-back limousine with her successor, Princess Juliana, through the section where she was booed on her ascension to the throne half a century ago by the most independent of her homelander. Today she was cheered on the occasion of her golden jubilee.

Some of those who saw her in 1898 as a girl of 18 were still sitting behind their beers in the Dutch pubs today.

The area of the tour saw the Eel revolt of 1890, one of the early manifestations of rebellion against royal authority.

Fifty years ago the Socialists dismissed her ascension with brief paragraphs in their newspapers. Today Socialist newspapers were devoting large parts of their six and eight-page papers to the Golden Jubilee.

## Charles Beard Dies; Noted Historian Rapped Roosevelt

NEW HAVEN, Conn., Sept. 1 (P) — Historian Charles A. Beard, 73, who several months ago accused President Franklin D. Roosevelt of setting up precedents which threatened American constitutional government, died today.

The death occurred at Grace-New Haven Community hospital. He entered the institution, Aug. 2, after a short illness at his New Milford home. Attending physicians gave aplastic anemia as the death cause.

Beard's accusations were made in his last historical volume entitled "President Roosevelt and the coming of the war 1941," a study of appearances and realities.

Published the past April, the book criticized President Roosevelt's foreign policy leading up to World War II and asserted Japan was "maneuvered" into firing the first shot of the war.

## New Fight Over Milk Prices Develops As Group Asks 23 Cent as Minimum Cost

HARRISBURG, Sept. 1 (P) — The battle over milk prices reopened today in Pennsylvania.

The State Milk Control commission was asked by a delegation of Scranton-Wilkes-Barre milk dealers and producers to reverse itself and order a new boost in retail prices for that area starting Oct. 1.

Chairman H. N. Cobb said the group urged a minimum price of 23 cents a quart instead of the 21½ cents fixed by the commission majority, Aug. 2. At that time, the commission split two to one in a number of turbulent sessions.

"They said the milk supply has shortened up so severely in the past week that they will be unable to hold the milk for their customers unless the price is raised or they pay premiums," commented Cobb after a closed conference.

COMMISSIONER JOHN J. Snyder, who joined with Commissioner Charles J. O'Loughlin in opposing the 23-cent a quart price the past month, declined comment after the conference. The two commissioners have contended that any greater increase than they authorized would be illegal and unwarranted.

Cobb, however, insisted that the evidence submitted by producers and dealers earlier this summer justified higher prices. He refused to sign the order fixing minimum prices at 21½ cents retail and \$5.70 a hundred pounds (46½) for producers. Producers are not requesting a price of \$6.15.

The milk control law gives the commission authority to revise an order within 20 days after it is issued. The deadline for any change in the Scranton-Wilkes-Barre order is Sept. 9.

COBB SAID producers at the closed conference today said the recent torrid temperatures had burned up pastures in the Scranton area and that production already was off six percent as a result.

"Pastures were knocked galley west," Cobb said, "and the effect is just beginning to be felt."

He said that one dealer representative told the commission that there was a shortage of 5000 cans of milk in the New York market as of last night.

Senators Scott Lucas (left) and J. William Fulbright received clearance yesterday for a look behind the Soviet iron curtain on an inspection trip through Europe. They will visit Poland and Yugoslavia during their trip. Lucas is from Illinois, Fulbright, from Arkansas. Both are Democrats.

## Senators Get Okay to Visit Red Nations

WASHINGTON, Sept. 1 (P) — Two Democratic senators got clearance yesterday for a look behind the Soviet iron curtain on an inspection trip through Europe.

The two, Senators Lucas of Illinois and Fulbright of Arkansas, will take off with a group of lawmakers in President Truman's plane at noon tomorrow for Rome. There they will attend sessions of the interparliamentary union, an international organization of lawmakers.

Flying with them will be Senator Barkley of Kentucky, the Democratic vice presidential nominee, Senator Hatch (D-NM), Rep. John J. Rooney (D-NY), and Henry O. Talle (R-Iowa), Dr. Franklin D. Roosevelt, secretary of the American group, and Victor Purse, State department representative.

plan an inspection tour following the meeting which will include visits to Poland and Yugoslavia, both in the Russian sphere of influence.

PREVIOUSLY, AMERICAN lawmakers have had trouble getting clearance for visits to any of the Soviet-influenced countries.

"We want to look at conditions at first hand in Europe and get the feel of sentiment there," Lucas told a reporter.

"A great many issues that the next Congress is going to have to pass on involve European problems. We want to see as many of the trouble spots of Europe as it is possible to make."

Lucas said he and Fulbright also will visit Greece, the Holy Land, Germany, Belgium, France and England.

## Car Finishes Second Best In Collision With Truck

Both right fenders of an automobile were damaged and the right side of the body scratched at 9:45 o'clock Tuesday morning when it collided with a truck at King and Charlotte streets.

Horace Princenthal, 1219 Queen street, was pulling away from the curb at the intersection when a car driven by Mrs. Mansfield W. Williams, 815 Spruce street, collided with the truck.

Mrs. Williams was unable to avoid hitting the truck, according to the police report.

Princenthal reported the accident to police headquarters in borough hall.

Rebidding Both Suits. IF YOUR partner observes the conventions followed by most fine players, there are times when his call constitutes a rebid of two suits. That is after he had called two suits, with the higher-ranking first, and then later rebids the lower-ranking suit. He is then emphasizing the fact that he has five cards at least in each of them. He is then asking you usually to put him in the first suit if you have the same number of cards in it as in the other.

# Chandler Remains Mum on Report Of Crackdown on Farm Systems

DETROIT, Sept. 1 (AP) — Baseball Commissioner A. B. (Happy) Chandler remained mum today on a published report that baseball in general, and particularly the Detroit Tigers, are heading toward another housecleaning.

Contacted at Versailles, Ky., Chandler said he had "no comment" on a Detroit News report that he was aiming a new blow at the Detroit baseball club's farm system.

The News, in a page one story, said Chandler would crack down early this fall on violations of the rule against so-called gentlemen's agreements and evasions of the bonus rule.

THE BLAST was said to be aimed principally at the Tigers, whose farm system was shattered in 1940 by the late Kenesaw Mountain Landis, then the game's commissioner. The new blow would rival "the great emancipation of 1940," the News said, naming nine minor leaguers the Tigers allegedly "covered up."

Tiger General Manager Billy Evans, however, said he had heard nothing of such an investigation. "This is the first knowledge I have had of this," Evans declared. "None of these players was acquired during my time here, and I wouldn't know anything about such deals."

"I haven't had a single word from the commissioner. If this story is true there must have been a leak somewhere in the commissioner's office," Evans said.

CHANDLER was reported preparing summons for alleged executives, including officials of the Dallas Rebels, a Texas league club. It was "undercover" deals between the Tigers and the Rebels, the newspaper said, that first drew Chandler's attention.

The News said Chandler is gathering evidence to show that Detroit and Dallas collaborated on deals involving the players. No Detroit official was allowed to be under its control.

Chandler also was reported preparing a lesser blow at the Pittsburgh Pirates. The News said Chandler would charge the club with evading the bonus rule by giving a scouting job to the father of one of its prospects. The player mentioned, infielder Danny Lunn, was signed recently for a \$5000 bonus.

FINCH-hitter Carl Scheib's double and Barney McCosky's single, with two out in the last inning, prevented a shutout for Philadelphia as they dropped to 5½ games out of first place.

NAMED MOST VALUABLE  
LANCASTER, Sept. 1 (AP)—Larry Claftone, Allentown Cardinals outfielder, was named "most valuable player" in the Interstate league by members of the loop's sportswriters and broadcasters association, President George Kirchner announced today.

WASHINGTON, Sept. 1 (AP)—Chicago's White Sox poured three runs across the plate in the ninth inning here tonight but the rally was checked by Forrest Thompson and Washington escaped with a 5-4 victory. The win moved the Senators into sixth place in the American league.

Washington entered the ninth inning with a 5-1 lead but Aaron Robinson's single, Dave Philley's double, Don Kolloway's single and three walks produced three Chicago runs before Thompson arrived on the scene with two out and with one pitch disposed of pinch-hitter Ralph Weigel on a grounder.

Washington sandwiched seven of its eight hits into two mning to deal Chuck Pieretti his ninth defeat.

# SKEE RIEGEL ELIMINATED IN AMATEUR GOLF

Defending Champion Bows To Dahlbender, 3 and 1; Stranahan Keeps Moving

MEMPHIS, Tenn., Sept. 1 (AP) — A chubby, sweet-swinging Southerner from Bobby Jones' hometown — Atlanta's Gene Dahlbender — brushed aside two national champions today to establish himself as the "player to beat" in the 48th Amateur Golf tournament.

The blond bomber from Georgia began his day's work by eliminating defending titlist Robert (Skee) Riegel of Monterey Park, Calif. He followed with a 3 and 2 triumph over Robert Harris of Los Gatos, Calif., the U.S. college king.

This double-barreled achievement as the field was whittled to 16 buoyed Dixie's hopes for its first native winner since Jones won his fifth amateur in 1930.

THE ROAD to the championship, however, looms as no easy one for Dahlbender or any of the other aspirants left after three full days of eliminations over the 6817-yard Memphis Country club course.

Frank Stranahan of Toledo, Ohio, seeking to add the U.S. to the British and Canadian crowns he already holds, is still around swinging — and getting tougher with each day.

In the running also are Marvin (Bud) Ward of Spokane, Wash., the bulldog competitor who won the crown in 1939 and 1941, and Wee Willie Turnesa of Elmsford, N.Y., the polished stroker who captured the national in 1938 and the British amateur in 1947.

Stranahan, playing spottily but spurting brilliance in tight places, ousted William Y. Stambler, 40-year-old Miami, Fla., boxing commissioner, 3 and 2, and Richard (Bubba) Smart of Pine Bluff, Ark., 3 and 1.

WARD WON OVER G. M. Trammel Jr., of Nashville, a promising Vanderbilt university sophomore, 3 and 2, and then took the measure of Albert Stone of Jackson, Tenn., 2 and 1.

Turnesa, playing unspectacularly but with remarkable steadiness, trounced Tyrell Garth of Beaumont, Tex., 2 and 1, and Robert Knowles of Brookline, Mass., 3 and 2.

Ward and Turnesa clash in the fifth round feature tomorrow morning with the victor regarded as a sure shot to be in the semi-finals by nightfall.

Stranahan's toughest opposition in the upper draw is expected to come from Ray Billows of Poughkeepsie, N. Y., five times New York State champion and two-time national semi-finalist, and Julius Boros of Bridgeport, Conn., the youthful Hungarian whose 135 for 36 holes led the nation in qualifying for the event.

# PIRATES DROP 3-1 DECISION TO NEW YORK FOE

33,946 Fans Watch Kennedy Halt Buoys; Giants Break Streak

PITTSBURGH, Sept. 1 (AP) — Southpaw Monty Kennedy put a temporary chill on Pittsburgh pennant hopes tonight with a five-hit performance as the New York Giants defeated the Pirates, 3 to 1, to end a seven-game losing streak.

The Giants got all three runs off veteran Ernie Bonham in the fifth inning. The game attracted 33,946 fans.

Kennedy had a shutout going into the ninth but a walk, a stolen base and Eddie Fitzgerald's single gave the Pirates their lone run. The loss dropped the Pirates three games behind the first-place Brooklyn Dodgers.

Bonham was in trouble in the early innings but was saved by sparkling fielding. However, in the fifth the Giants put together surges by Don Mueller, Walker Cooper, Buddy Kerr and Sid Gordon with two walks to push across three runs.

Kirby Hoge made his 46th pitching appearance of the season when he hurled the eighth and ninth innings. He struck out the first three men to face him in the eighth and still was in trouble after a dropped third strike by Fitzgerald put Willard Marshall on first. Marshall went to third on an error but was tagged out by Hoge while trying to score on a passed ball.

# Robin Roberts Wild As Cardinals Down Phils Under Arcs, 4-2

ST. LOUIS, Sept. 1 (AP) — Robin Roberts' wildness and Ron Northey's home run combined to give the St. Louis Cardinals a 4 to 2 triumph over the Philadelphia Phillies tonight. Andy Seminick and Bama Rowell hit circuit blows for the Phils' two tallies.

The victory marked the last game in the Cards' current home stand and was the second of their two-game stand with Philadelphia.

Roberts gave up a hit and walked three men in the third inning for the first Redbird run. He walked in another score in the next inning after Babe Young had opened with a double.

Northey's blow came in the fifth. Seminick gave the Phils their first run in the seventh and Rowell followed with his home run in the eighth.

Jim Hearn gave way to Murry Dickson in the eighth after Rowell's homer and a walk to Bert Haas.
